Challenge your mental acuity with *NMBR 9*, a puzzling game of strategically placing tiles for one to four players. In every game of *NMBR 9*, players build their own displays by stacking number tiles that match cards drawn from a deck. Tiles higher up your stack score more points, but be careful how quickly you build upwards. Tiles of each number have a unique shape and no part of a tile can overhang without a tile directly beneath it, so cleverly lay a solid foundation and plan ahead before you begin stacking. Whoever builds the best display when the deck runs out wins!
